March 17, 2020

To our valued network;

We would like to provide you with an update on NBIF's operations during the increasing spread of COVID-19 and the rapidly evolving global response. We are taking actions to ensure the health and safety of our team and our community.

NBIF is following the advice of provincial and federal government authorities; this means effective Tuesday, March 17th, 2020 our office at 40 Crowther Lane will be closed until Monday, March 30th, 2020. Pending further updates from public officials, we will reassess this date accordingly.

Rest assured we are developing and implementing plans to mitigate both short and long-term impacts on our network. As such, our team is virtually connected to our systems and remain committed to ensuring that there is as little disruption as possible on daily activities. Your primary contact at NBIF can be reached by phone, by their NBIF work email or via our general inbox at [info@nbif.ca](mailto:info@nbif.ca).

We will continue to monitor the situation and we encourage you to do so as well. As the situation progresses, our priorities, capabilities, and response time may change. We will provide you with regular updates on our operations through our social media accounts.

We encourage you to subscribe to at least one of the official Government of New Brunswick and/or Public Health Authorities accounts so you too can get the most up-to-date and credible information possible.

As always, our organization continues to be focused on supporting our network and the innovation eco-system here in our province during this time. Together, we can emerge from this time of uncertainty stronger.

Sincerely,  
*The NBIF team*
